BAD NEWS FOR SABBATARIANS

Chicago Dispatch.—Every international exposition held in this country hence forth will be open on Sunday. Mark that.

Ph. DEAD DATO ALBERT.

Oversiaboro Massenger.—The Covington
Commonwealth finis much in Congressman Berry to criticise. That is the
impression a good many people have of
him He secunds to be more like a Cincinnati ward politicisa than a Kentucky
satteman. 4

AND V-

Frankfort Capital - It has been a haleyon and a vociferous time in Frankfort for the past thirty-six hours. Every man in town is nine feet high, and weights a ton, while the small boy, with his dreworks, is, unfortunately, not out of sight. +

Louiseille Tienes.—Now what are Dr. Eaton and the other Sabbalarians. Puritan and Cavalier, going to do about it! Just as there are injunctions that do not enjoin, so there are beyonte that do not builly. The Fair is now wide open seven days in the week and will so remain.

+ PASSING THE HAT SUNDAYS.

PASSING THE BAT SUNDAYS.

Covington Commonweath—It is urged
that the Irreligious feature of Sunday
opening of the Fair is the admission fee.

This does give it something of a commercial flavor, but when you come to think
of fit it is merely the dropping of a mite
into the contribution box by each
worshipphe in this lemple of wonders,
exemplification of the grand development
of the many talents God has given to
man.

BRING THEM UP STANDING

BRING THEM UP STANDISS.
Milecuskes Northest—Thomas B. Reed,
Bourke Cocktan and several other Congressmen will make an effort this autumn
to have all desks removed from the
House of Representatives. The object
of lish change is to take away all distraction from the members, and to online them to a choice between attending
and reflecting. It is thought that the
average Congressman will choose the
first term of this alternative.

DEFORMATION A FAILURE.

Advanta Conditution.—For about forly
years negroes have been going from this
country to Liberia. They have met nothing but disaster. They are not fitted to
stand the climate of the West coast of
Africa. Long residence in America has
made the blacks unable to stand the
climate of the dark continent. The
negroes who have survived the fewer in
Liberia have lapsed into the low morality
and fetichism of the naives.

THE BICYCLE BREAKING UP CHURCHES THE BUYCLE BREAKING OF CITCHORES COMMERCIAL GRAUTE.—Clergymen in Fingland have discovered another enemy to church going. It is the bleycle. Even English clergymen are fasciated with the wheel. If the bleycle is not sortehed, there will be not only engity pews, but enpity pulpits in England's churches. The bleycle as a deterrent to church-goers is something new, but that it is powerful is proved by the letters to British clerical papers from "suffering Pasiors.
